

DTU-1141

Wacom® for Business

**CITRIX®
READY**

Datasheet

The New Standard in eDocument Workflow

The DTU-1141 provides an ideal document viewing and signing experience with its 10.6-inch, full HD resolution screen, minimal footprint and thin profile. It operates as an external monitor, but utilizes Wacom's patented pen technology to provide input for writing and signing. It is perfect for business applications that benefit from people working directly on screen with a pen, such as presenting forms for customers to review and sign electronically, or marking up and annotating documents. While not in use for signing, it can display slideshows or advertising videos.

Key Features:

- 10.6" IPS LCD boasts full color, full HD resolution (1920x1080) and wide viewing angle.
- Patented, cordless, battery-free pen with 1024 levels of pressure sensitivity for premium signing/writing experience.
- Single USB cable installation. USB cable supplies video, power and USB data.
- State-of-the-art encryption to ensure secure transactions.
- 4 capacitive-touch ExpressKeys can be assigned to common functions.
- Hardened, anti-glare surface provides high durability and easier viewing in different lighting conditions.
- Unique hardware ID (UID) to identify the exact unit used for any transaction.
- Kensington® Security Slot to secure the unit when needed.
- VESA mounting holes allow you to use third-party arms and stands.

Signature Accuracy

The pad's high sensor resolution and pen technology captures each signer's unique signature profile.

Global Leader

Wacom is the trusted leader around the world in providing best-in-class signature capture solutions.

Security

Enabled with state-of-the-art encryption. Designed with a unique hardware ID that can be embedded in each signature.

Lower Cost of Ownership

A durable signing surface and Wacom's patented battery-free pen technology contributes to a lower total cost of ownership.

General Specification

Dimensions (W x H x D, excluding stand)	11.1 x 8.3 x 0.4 inches (283.0 x 210.0 x 11.0 mm)
Weight (including stand)	1.5 lbs (700.0 grams)
Stand inclination	Integrated stand 15° or fla
Power supply	via USB (no AC power required)
Power consumption	5W maximum, 1W or less in sleep mode
Communication interface	USB 2.0 (for video via DisplayLink and USB data)
Supported operating systems (tablet driver)	Windows 10 / 8.1 / 8 / 7 / XP (32-bit, 64-bit) Mac OSX 10.7 or later

LCD Display

Display	IPS TFT display
Cover plate surface	Tempered anti-glare etched glass
Screen dimensions	9.3 x 5.2 inches (235.0 x 132.0 mm)
Aspect ratio	16:9
Native resolution	Full HD, 1,920 x 1,080 pixels
Supported resolutions	800 x 600, 1024 x 600, 1024 x 768, 1280 x 800, 1440 x 900, 1920 x 1080
Viewing angles (horizontal/vertical)	170 °/ 170°
Luminance (brightness)	200 cd/ m ² (typical)
Contrast ratio	800:1 (typical), 600:1 (minimum)
Response time	30 ms (typical)
Colors	16.7M colors

Tablet and Pen

Technology	Electromagnetic Resonance (EMR)
Coordinate resolution	2,540 lpi
Coordinate accuracy	±0.02 inch (±0.5 mm) center
Report rate	200 points per second
Pressure levels	1,024
Security lock slot	Yes
Encryption	AES 256 / RSA 2048

Miscellaneous

Reading height	5 mm or more (center)
Pen storage	Integrated pen compartment, pen holder
Mounting system	VESA 75 mm
Signature software compatibility	Compatible with signature / E-signing software and Wacom sign pro PDF C++, .NET and Java SDK/API available for developers
Drivers	Wacom driver and Display Link video-over-USB driver required
Warranty	1 year
